Postponement of Production; Priscilla, Queen of the Desert

Due to the growing concerns, mass gathering recommendations and uncertainty regarding Coronavirus within our wider community, the CLOC committee has made the difficult decision to postpone our May production of Priscilla, Queen of the Desert.

This decision has not been made lightly, prioritising above all else the safety and welfare of our cast, crew, orchestra, production team, front of house staff and our loyal audiences. The good news is that all going well we will be staging Priscilla in October! The season will run from October 9-24 at the National Theatre, St Kilda.

Our planned staging of Jersey Boys will take place in October 2021.

For those who have purchased tickets to our May season, you will be contacted by our ticketing team in the coming days regarding the option of ticket exchanges or refunds. Please be patient while we work our way through the booking lists and be reassured that you WILL be contacted.

As a community group of volunteers, our resources are currently stretched so please contact us for ticket enquiries via email on bookings@cloc.org.au. Please only phone our box office on 1300 362 547 if absolutely necessary. We thank you for your understanding.

As you are well aware, this is a difficult time worldwide, as we are all presented with unprecedented challenges. The health and financial impacts of this event will be significant for many people and organisations. CLOC is no exception and we ask you for your continued support through this difficult time.

The best way you can help us is to support our season in October.

Kind regards,
CLOC Musical Theatre
